He was killed during the Seven Year War. His widow and her three children left one of the German Cantons of Switzerland and emigrated to America, arriving about 1764. The son Michael died at sea. They settled in Lebanon Co., PA

**Chefram (Elizabeth? Anna?) widow of Huber, 1740~ 179x, (i1764~) °** <5,10,15,24> Married John Huber, 1740~ 1764~ , ° <10,15,24> Married John (Hans) Wenger, 1732 1806.8, G14, (i1748.9.16) <5,9,10> his second wife. The identification of Chefram as the mother of Catherine (Katrina Huber) Hoover, 1764~ 1837.12.12,, (i1764~) is based upon; 1) the fact that John had a step daughter Catherine according to his will. 2) Catherine's mother has been given as Elizabeth, wife of John Huber. CPR claims that after John's death, Elizabeth married an uncle of Joseph Wenger (Winger), 1767 1840, G183 This would be John (Hans) Wenger, 1732 1806 (1796.8), G14 It is here assumed that Chefram Huber is indeed the mother Huber, 1740~ , (i1764~) (see "The Genealogy of Heinrich Huber") who left Europe after her husband Herr Von Huber, an officer in the German Army died. He was killed during the Seven

Year War. His widow and her three children left one of the German Cantons of Switzerland and emigrated to America, arriving about 1764. They settled in Lebanon Co., PA in 1765 The son Michael died at sea. The other two children were Heinrich Huber, 1757/8 1833.2.3., (i1764~) who married Maria Wenger, 1760, G123 and Catherine, 1760~ who married a Wenger and moved to Canada (here identified as Joseph Wenger (Winger), 1767 1840, G183). Heinrich Huber and Maria Wenger, 1760, G123 moved to Franklin Co. and their descendants are given in AMB

• **Heinrich Huber, 1757/8 1833.2.3, (i1764~)** <6,9,15> BHB His birth year has been reported as 1761 in BAFC. Settled in Lebanon Co., PA with his mother and sister about 1765. He learned the weaving trade in Lebanon Co. from a man by the name of Lehman. Married Maria Wenger, 1760 18xx, G123 <9,15> in 1786. Found in Dauphin Co., PA in 1790 next to John Wingart, probably his brother in law. Moved to Franklin Co. in 1800. Lived on a 400 acre tract in Letterkenny Twp., Franklin Co., PA. His descendants lived on the farm until 1942 when the US government took over the land for the Letterkenny Depot. The Farms of Enos E. Byers and Jacob L. Sollenberger were contained in the original 400 acre tract. After the third or fourth generation of descendants the name was changed to Hoover. In 1790, Dauphin Co., PA. In 1800 Franklin Co, PA. In 1810 Franklin Co., PA. In 1820 Franklin Co., PA. His descendants have been recorded in BHB

• **Catherine (Katrina Huber) Hoover, 1764~ 1837.12.12, (i1764~)** <11,24> Married Joseph Wenger, 1767.12.19 1840.4.22, G183 <11,24> The death date of 1832 is from the Bechtel Book (BSW?). The above date is from a note in the bible of Jacob, G1835 (DW) The identification of Catherine as the daughter of Chefram (Elizabeth? Anna?) widow of Huber, 1740~ 179x,, (i1764~) ° is postulated based upon a comment by Crystal Pauline Randel, 1902.12.30 1994.7+, G18345411 who claims that after Catherine's father's death, her mother married an uncle of Joseph Wenger (Winger), 1767 1840, G183 This would in all likelihood be John (Hans) Wenger, 1732 1806 (1796.8), G14 whose second wife was widow Huber with a daughter Catherine. She also reports that Catherine's mother's name was Elizabeth. Katrina died in VA

Age from 1870 census gives 1829. Age from 1880 census gives 1830. She appears to be seven years older than her husband. **father Kreider, 1650~**, ° DLW There is some tradition that John Jacob and Martin were brothers. It is here given as such to facilitate the understanding of the Kreider family. John Jacob and Martin were certainly closely related as Martin's son Michael lived with John Jacob in Lancaster Co. for a time. There is much discussion as to the parentage of John Kreider, the early settler of Lebanon Twp., Lancaster Co., PA Some have given him as a son of Martin and some have given him as a son of John Jacob. It seems acceptable that Jacob son of John Jacob was one of the two original settlers of Lebanon Twp., The other settler, John Kreider, has been given as a brother of Jacob because; 1) there is tradition that the early Kreider settlers were brothers (but this tradition could apply to John Jacob and Martin) 2) the fact that Jacob Kreider and John Kreider took out warrants for adjoining land on Snitz Creek on the same day (this could be the action of two brothers or two cousins) 3) an argument by JGFK in the May 22, 1919 Lebanon Daily News article that the John Kreider who settled Snitz Creek had a son Jacob with great-grandson John S. Kreider. This John S. Kreider remembers that Jacob died at the age of 80 and made a will in 1805. JGFK then associates this Jacob son of John the settler as being the J. K. born May 31, 1729 died age 81 years in the Kreider cem. on the Snitz Creek land. This seems to be a very weak argument as the J. K. born May 31, 1729 is more likely to be John Kreider son of Jacob, 1701 1742. The Jacob, great grandfather of John S. Kreider is clearly Jacob Kreider, 1742.8.5 1822.1.12 and is not the J. K. born May 31, 1729 as argued by JGFK. It is based upon this (incorrect) identification of the J. K. as being the Jacob Kreider son of John Jacob that JGFK argues that John Jacob, 1715 son of Martin could not be the early settler since he could not have had a son J. K. born May 31, 1729 (unless fathered at the age of 14). John the settler is here listed as the son of John Jacob and not Martin, but it is clear from the above that the evidence is not conclusive and that he could as well be the son of Martin.

This information from an obit. of his ancestor John O. Light. A 100th Anniversary book for Leaf River, IL indicates a date of Aug. 30, 1737. JL2 indicates that there is a John Peter Light who immigrated on this date to Phil. and settled in Lancaster Co., PA) (GM2 gives that John's middle name was Peter as does the obit. of RC's ancestor) Born in the Palatinate or Switzerland. Immigrated on the ship "Winter Galley", Edward Paynter, Master, from Rotterdam, last from Deal arriving Sept. 5, 1738 in Philadelphia. Married Maria, 1692~ 1758.11.12., (i1738.9.5) ° Buried in the Light Cem. at 11th and Monument St. Lebanon. The cem. became that of the Salem United Brethren Church. When those buried there were moved to Ebenezer Cemetery, John and his wife were left behind Mennonite. Immigrant from the Palatinate settling in what is now Lebanon Co., PA at the old Light fort in the city of Lebanon. The old home is just west of the corner of Tenth and Maple Streets. The land was purchased in 1738 by Johannes Licht from Casper Wister. The home was built in 1743. There is a cellar that once held sixty families. There was an old burial plot located between Weidman and Lehman Streets, east of Third, near to or part of what was the old Fair Grounds. The plot was moved to the Ebenezer cemetery, about a mile to the northwest of town. ERP2 Son Jacob purchased his father's bible and recorded his father's date of death as 1759.3.5.

These stones sit just southwest of the (old Ebenezer?) entrance where the road circles round an area with the largest trees of the yards, between the two yards. According to Croll, and as quoted by Francis, John's and Anna's graves/stones were moved to Ebenezer in 1894, but others had been moved earlier on according to other accounts. (1876, 1886-88).

He received the western part of his homestead, the part on which was the Old Light Fort. He received it prior to his marriage. It appears that this precedent of giving the youngest son the homestead was continued in the Light family. Married Barbara Landis, 1738.3.19 1813.4.16 He was a farmer and prospered. In 1780 he was taxed for 375 acres in Lebanon Twp., and this did not include the 192 acres in Bethel Twp., which was conveyed to his son Peter nor likely the brewery in Lebanon Borough left to his son Jacob. Henry was a soldier in the Revolutionary War in Captain John Stone's Co., the 6th, 2nd Bat. of Lancaster Co. Mil. 5th Class. See PA Archives 5th Ser. Vo. VII, pp. 159 & 179. His son John was in the same Company, Class 1, p. 179. His oldest son Henry was doubtless in Captain Henning's Co. p. 184. The North Lebanon furnaces were erected on his homestead and among his descendents are prominent iron manufacturers. One son was a brewer, another a fuller. He and his family were likely Mennonite, though likely rather liberal, not lacking in religion, but not specializing therein so much as the descendants of his brother John. He and his wife were doubtless first buried in the old Light Cem. in Lebanon on the south west corner of 11th and Mifflin Streets, Lebanon, but now rest at Ebenezer Cem.

**Abraham Overholser, 1740~ 1791, Rev.** ° BBF BM Married Catharine, 1741~, ° Believed to be the first Brethren minister at Morrisons Cove, Bedford Co., PA Spelling also seen as Overholtzer and Oberholtzer From Bruce\_Mccrea@lansing.cc.mi.us On page 56 of BIBLE, AXE, AND PLOW by Ben F. Van Horn, in a section contributed by Frank Bayer, it states; The oldest village in the Bedford County part of Morrisons Cove is Waterside. In the earliest histories published, it is stated that a group of "Dunkards" came into the Cove about the year 1755. This religious group, probably about five families, was led by a man by the name of Overholtzer, and took possession of the land as squatters. They settled along the southern edge of Potter Creek and along Yellow Creek, now Waterside, and vicinity. The only verifiable facts concerning the Overholtzer family are found in the will of Abraham Overholtzer, the indenture on the settling of his estate, and the deeds of land

claimed by him. One tract contained 220 acres as titles on the Rolls Office (Register and Recorder) of Bedford County, 1785, and another tract named "Fiddle Bow" for 190 acres in 1786, as "improvement claims." In those days a person had to move onto the land, build a house, and clear a certain amount of land before he could claim it. Abraham Overholtzer wrote his last will on July 23, 1790, and died in the year 1791. This would have been about thirty-six years after the arrival of the group in the Cove. In the Border Cemetery, located on the hill directly west of Waterside along an old abandoned road, two limestone grave markers can still be read. One contains the inscription A.O. 1791, and the other M. O. 1795. These two stones are believed to be the oldest engraved cemetery stones in the southern end of Morrisons Cove, and supposedly mark the graves of Abraham Overholtzer and his wife.

Abraham was first taxed in Warren Twp. of Franklin Co., PA, in 1799 -- the year after that township was created -- and was listed there in each census from 1810 to 1850, except 1830. He and/or his wife may have lived in Maryland around 1793, for the 1850 census indicates his son David was born there. After 1807 Abraham operated a mill on Cave Run. HLC gives that the marriage of Abraham and Catherine Cook is referred to in an 1811 entry of the Stone Church records and that Catharine was in Stark Co., IA, in 1842 when she signed a release to her father's estate. JVW CWM Tim Wade info. Lived Heidelberg Twp., Berks Co., PA. Married Anna Catherina Lauck, 1721.10 <2480> on Nov. 10, 1738 by Rev. Stoefer. CWM also gives his dates as 1715.11.10 1796.1.16 from his stone on the original homestead, a similar stone at St. Daniels Church. His wife Anna is on other side of stone, but not readable. 17 children mentioned in his will, but several had already died. Lazarus was the only early Wenger immigrant who was not Mennonite. His descendants are Lutheran and German Ref. It is probable that his family arrive in America on the ship "Billender Oliver" in 1735 in Philadelphia (he qualified on Aug. 26, 1735). The ship's master was from South Carolina. According to the passenger list his mother and sister were on the ship. No mention of his father. Will book 3 page 249.
